Office of Legislative Counsel

Tuesday - 21 June 1955

-----

1. Several discussions were held between Legislative Counsel, the CIA General Counsel, Comptroller, Mr. Hamilton of the Bureau of the Budget, and Mr. Lyle Fisher, General Counsel of the General Accounting Office, regarding appropriations and authorization language for the CIA building, which resulted in final agreed on language for these purposes. Legislative Counsel also cleared the language regarding the George Washington Memorial Parkway extension with Mr. Knox, Solicitor of the National Park Service of the Department of the Interior.

2. Col. White held a meeting with Messrs. Pforzheimer, Warner, Reynolds and Saunders to discuss the proposed draft of administrative legislation for CIA, and it was the opinion of those present that we should go ahead with such legislation and submit same to the Bureau of the Budget for their consideration.

3. The House Armed Services Committee reported H.R. 6829 (H. Rept. 865), a clean bill authorizing construction for the Military Departments and the Central Intelligence Agency. The CIA portion is unchanged; however, it now appears as Title V in the new bill.
